WE ARE ALMOST READY FOR
CHHOTA BHEEM'S PARTY

HE IS LOOKING
FORWARD TO ALL THE
GOOD FOOD!

OHHH, OHH!

WHAT'S
WRONG?

MY TOOTH HURTS.
THIS IS WORSE
THAN FIGHTING
TIGERS!

YOU WILL
MISS YOUR
PARTY! IT IS
IN ONLY 5
DAYS!

AND RAJA
INDRAVARMA
WILL BE
UPSET IF I DO
NOT EAT HIS
FOOD

MAYBE PROFESSOR
SHASTRI
DHOOMKETOO CAN
HELP

MY SCANNER WILL
SHOW WHAT IS ON
YOUR TEETH.

LET'S ZOOM IN ON
YOUR SORE TOOTH

A LOT OF GERMS LIVE ON YOUR TEETH. THE GERMS DIG HOLES CALLED CAVITIES!

HOW DID
GERMS GET IN
MY MOUTH?

GERMS LOVE TO EAT
SUGAR. DO YOU DRINK
JUICE OR EAT A LOT OF
SWEETS?

HE EATS MANY
LADOOS. THEY
HAVE LOTS OF
SUGAR!

GERMS LOVE TO EAT SUGAR. THEN THEY POOP OUT ACID.
THE ACID BURNS HOLES IN YOUR TEETH.

SAVE LADOOS AND OTHER SWEETS FOR SPECIAL TREATS

I AM STRONGER
THAN THOSE
SMALL GERMS.
**I'LL GO GET
THEM!**

A STRONG BODY IS NOT ENOUGH. FOR STRONG TEETH YOU
NEED TO BRUSH WITH FLUORIDE TOOTHPASTE EACH
MORNING AND EACH EVENING.

EVERY DAY?

DO YOU EXERCISE EVERY DAY?

OF COURSE.
EXERCISE MAKES MY
BODY STRONG.

SO WHY NOT
CARE FOR
YOUR TEETH
EVERY DAY?

BRUSHING TWICE A DAY WITH THE RIGHT TOOTHPASTE MAKES MY *TEETH* STRONG! I GET IT.

HI RAJU. WHAT CAN I DO FOR YOU?

PROFESSOR, I HEARD THE PROBLEM. USE YOUR SHRINKING MACHINE AND I CAN FIGHT THOSE GERMS!

SHRINKANATOR

2000

LET'S GIVE IT A TRY...

OH, NO. THERE ARE TOO MANY OF THEM... WITHOUT FLUORIDE, THE ACID BURNS!

CHHOTA BHEEM, YOU FORGOT THE FLUORIDE TOOTHPASTE. FLUORIDE HELPS PROTECTS TEETH AGAINST ACID.

AARGH!!

RUN AWAY!

WE CANNOT BEAT
FLUORIDE!

THE DAY OF THE PARTY...

Veggies
still taste
great!

Instead of hurting my
teeth with sweets, let's
have a healthy feast!

To fight germs that want to attack my teeth, I always:

- Brush my teeth each morning and before sleeping
- Use fluoride toothpaste that protects my teeth
- I save juice and sweets for special treats.
